

Job Title: Junior Engineer for shipboard manuals development

Location: Piraeus, Greece

Employment Type: Full-Time

About Us:

We are Alpha Marine Consulting P.C., an innovative ship design, marine engineering and management consulting firm for over 35 years.

About the Role:

As a Junior Engineer, you will play a vital role in the development of shipboard manuals essential for a vessel's safe and compliant operation in accordance with international and national maritime regulations. Working closely with our technical team, you will be responsible for gathering and analyzing the necessary information from clients, evaluating its accuracy and completeness, and preparing the corresponding documentation to ensure regulatory compliance and operational readiness.

Key Responsibilities:

- **Data Management:** Collect and assess data.
 - **Manuals' Preparation:** Preparation of shipboard manuals as per MARPOL, SOLAS and ISPS Code requirements (such as but not limited to Garbage Management Plans, Ship Security Plans & Ship Security Assessment, Shipboard Oil Pollution Emergency Plans).
 - **Support & Guidance:** Provide support to vessel operators and crews in understanding and adhering to current worldwide and national requirements.
-

What We're Looking For:

- **Educational Background:** Bachelor's degree in Naval Architect & Marine Engineer, Maritime Studies, Engineering, or a related field.
- **Technical Knowledge:**
 - AutoCAD or Rhinoceros
 - Microsoft Office (Outlook, Excel, Word)
- **Soft Skills:**
 - Excellent communication and presentation skills.
 - Detail-oriented with a strong analytical mindset.
 - Proactive approach to problem-solving and process improvement.

- Proper time / deadline management.

The ideal candidate shall be based on Athens.

What We Offer:

- **Impactful Work:** Contribute to global sustainability efforts within the maritime industry.
- **Learning & Development:** Opportunities for training and professional growth in shipping industry.
- **Flexible Working:** Remote work options and a supportive work environment.
- **Innovative Culture:** Be part of a team that values fresh ideas and collaborative problem-solving.

How to Apply:

If you are passionate about maritime compliance, we would love to hear from you!
